The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) Liability for uncompleted or erroneous transfers.

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for:

- (i) Making a correct payment;
- (ii) Paying any prompt payment penalty due; and
- (iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and:

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in the CCR database and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to

be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.

(i) Payment information. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the CCR database.

3.14-2 Contractor Personnel Suitability Requirements (July 2006)

(a) This clause applies to the extent that this contract requires contractor employees, subcontractors, or consultants to have unescorted access to FAA:

(1) Facilities;

(2) Sensitive information; and/or

(3) Resources regardless of the location where such access occurs, and none of the exceptions of FAA Order 1600.72A, Contractor and Industrial Security Program, Chapter 5, paragraphs 4, 6, 7 and 8 pertains.

Definitions of applicable terminology are contained in the corresponding guidance and Order 1600.72A, appendix A.

(b) Consistent with FAA Order 1600.72A, the FAA Servicing Security Element (SSE) has approved designated risk levels for the positions under the contract.

(c) Not later than five (5) business days, not to exceed a maximum of 30 days, after contract award (or date of modification, if this provision is included by modification to an existing contract), for each employee in a listed position requiring access, provided, no previous background investigations can be supported as described below, the contractor will submit the following documentation to the SSE for an employment suitability determination:

- Standard Form (SF) 85P, Questionnaire for Public Trust Positions as designated by the Contractor Position Risk/Sensitivity Level Designation Record, FAA Form 1600-77, will be completed (all questions answered) in accordance with the instruction sheet.

- One fingerprint card (FD-258). Fingerprints will be taken by those individuals who have been identified as either a Trusted Agent or a Personal Identity Verification (PIV) registrar (SSE).

In some instances, the fingerprint only may be required and an OF-306 Declaration for Federal Employment, most current edition, will also be submitted.

The applicant will appear in person and provide two forms of identity source documents in original form to the PIV Registrar (SSE) or the authorized Trusted Agent. The identity source documents must come from the list of acceptable documents included in Form I-9, OMB No. 1115-0136, Employment Eligibility Verification or version of the DOT F 1681 containing the list of acceptable identity verification documents. At least one document will be a valid State or Federal Government-issued picture Identification. A signed I-9 Form may be used but must indicate the two source documents that were verified.

The type of investigation conducted will be determined by the position risk level designation for all duties, functions, and/or tasks performed and will serve as the basis for granting a favorable employment suitability authorization as described in FAA Order 1600.72A. If an employee has had a previous U. S. Government conducted background investigation which meets the requirements of Chapter 5 of FAA Order 1600.72A and Homeland Security Presidential Directive 12 (HSPD-12), it will be accepted by the FAA. However, the FAA reserves the right to conduct further investigations, if necessary. For each contractor employee for which a previous background investigation was completed, the contractor will provide, in writing to the SSE, the name, date of birth, place of birth, and social security number of the employee, the name of the investigating entity, type of background investigation conducted, and approximate date the previous background investigation was completed. For all contracts over six (6) months in duration, the minimum background investigation requirement will be a National Agency Check with Inquiries (NACI). Please check with your SSE for final determination as to OPM background investigation type required. The contract may include positions that are temporary, seasonal, or under escort only. In such cases, a FAA Form 1600-77 for each specific position will be established as the investigative requirements may differ from the NACI.

The contractor must submit the required information with a transmittal letter referencing the contract number and this request to:

Regional and Center Contracts: Contracting Officer

The transmittal letter must also include a list of all of the names of contractor employees and their positions for which completed forms will be submitted to the SSE pursuant to this Clause. A copy of the transmittal letter must also be provided to the Contracting Officer/Contracting Officer's Technical Representative (COTR) minus any privacy act information.

(d) The contractor must submit the information required by Section (c) of this Clause for any new employee not listed in the Contractor's initial submission who is hired into any position identified in Section (c) of this Clause.

(e) The Contracting Officer will provide notice to the contractor when any contractor employee is found to be unsuitable or otherwise objectionable, or whose conduct appears contrary to the public interest, or inconsistent with the best interest of national security. The contractor must take appropriate action, including the removal of such employee from working on this FAA contract, at their own expense. The Contracting Officer will confirm to the SSE that the action has been taken.

(f) No contractor employee will work in a high, moderate, or low risk position unless the SSE has received all forms necessary to conduct any required investigation and has authorized the contractor employee to begin work.

(g) As applicable, the contractor must submit quarterly/bi-annual reports to the Contracting Officer with a copy to the SSE and the Operating Office on or before the fifth (5th) business day following each report period. This report must include a complete alphabetical listing of all current contractors who are currently supporting the contract and a separate listing of all terminated contractors.

(h) The contractor must notify the CO within one (1) business day after any employee identified pursuant to Section (c) of this Clause is terminated from performance on the contract.

(i) The Contracting Officer may also, after coordination with the SSE and other security specialists, require contractor employees to submit any other security information (including additional fingerprinting) deemed reasonably necessary to protect the interests of the FAA. In this event, the

contractor must provide, or cause each of its employees to provide, such security information to the SSE, and the same transmittal letter requirements of Section (c) of this Clause applies.

(j) The contractor and/or subcontractor(s) must immediately contact the Servicing Security Elements (Regional and/or Center Security Divisions) or AIN-400 at Headquarters in the event an employee is arrested (detained by law enforcement for any offenses, other than minor traffic offenses) or is involved in theft of government property or the contractor becomes aware of any information that may raise a question about the suitability of a contractor employee.

(k) Failure to submit information required by this clause within the time required may be determined by the Contracting Officer a material breach of the contract.

(l) If subsequent to the effective date of this contract, the security classification or security requirements under this contract are changed by the Government and if the changes cause an increase or decrease in direct contract costs or otherwise affect any other term or condition of this contract, the contract will be subject to an equitable adjustment.

(m) The contractor agrees to insert terms that conform substantially to the language of this clause, including this paragraph (l) but excluding any reference to the Changes clause of this contract, in all subcontracts under this contract that involve access and where the exceptions under Chapter 5, FAA Order 1600.72A do not apply.

(n) The Contracting Officer will ensure the SSE receives a list of all proposed contractor employees, the name of the contracting company, contract number, duty location, identification of the funding line of business, and the names of the contracting officers and COTR for each contract within five (5) business days of contract award. If the Contracting Officer provided the SSE a solicitation number during pre-award, the contracting officer will ensure the SSE is notified of the contract number.

(o) Contractor employees who have not undergone a background investigation must be escorted at all times. In some instances, a contractor employee may be required to serve as an escort. In this situation, the contractor employee must have a completed and favorably adjudicated National Agency Check with Inquiries (NACI).

(End of clause)

3.14-3 Foreign Nationals as Contractor Employees (July 2006)

(a) Each employee of the contractor must be a citizen of the United States of America, or an alien who has been lawfully admitted for permanent residence as evidenced by Alien Registration Receipt Card Form I-151, or who presents other evidence from the U.S. Citizenship and Immigration Service that employment must not affect his/her immigration status.

(b) Aliens and foreign nationals proposed under this contract must meet the following conditions in accordance with FAA Order 1600.72A, chapter 5, paragraph 7 & 8:

(1) Must have resided within the United States for three (3) of the last five (5) years unless a waiver of this requirement is requested and approved in accordance with the requirements stated in FAA Order 1600.72A, chapter 5, paragraph 9;

(2) A risk or sensitivity level designation can be made for the position; and

(3) The appropriate security-related background investigation/inquiry can be adequately conducted.

(c) Interim suitability requirements may not be applied unless the position is low/moderate in risk, and/or temporary, and/or is not in a critical area position.

(End of clause)

I – 1 FAA Alaskan Region Government-Issued Keys, Identification Badges, and Vehicle Decals

(a) It may become necessary for the Government to issue keys, identification (ID) cards, vehicle decals, and/or access control cards to contractor employees. Prior to or upon completion or termination of the work required hereunder, the contractor shall return all such Government-issued items to the issuing office with notification to the Contracting Officer's Technical Representative (COTR). When contractor employees who have been issued such items are terminated or no longer required to perform the work, the Government-issued items shall be returned to the Government within three workdays or upon termination of the contract or the employee. Improper use, possession or alteration of FAA issued keys, ID cards and/or vehicle decals is subject to penalties under Title 18, USC 499, 506, and 701.

(b) In the event such keys, ID cards, or vehicle decals are not returned, the contractor understands and agrees that the Government may, in addition to any other withholding provision of the contract, withhold \$50.00 for each key, ID card, and vehicle decal not returned. If the keys, ID cards, or vehicle decals are not returned within 30 days from the date the withholding action was initiated, any amount so withheld will be forfeited by the Contractor.

(c) Access to aircraft ramp/hangar areas is authorized only to those persons displaying a flight line identification card and for vehicles, a current ramp permit issued pursuant to Part 107 of the Federal Aviation Regulations.

(d) The Government retains the right to inspect inventory, or audit ID cards, keys, vehicle decals, and access control cards issued to the contractor in connection with the contract at the convenience of the Government. Any items not accounted for, to the satisfaction of the Government shall be assumed to be lost and the provisions of section (b) shall apply.

(e) Keys shall be obtained from the COTR who will require the contractor to sign a receipt for each key obtained. Lost keys, ID cards, vehicle decals, and access control cards shall immediately be reported concurrently to the Contracting Officer (CO), COTR, and AAL-750. Electronic keying cards are handled in the same manner as metal keys.

(f) The Federal Aviation Administration (FAA) has installed electronic positive access controls within its facilities. As a result, access control levels and digital photographs of employees and contractors are being added to ID badges (ID Media/Access Cards). The ID media and the access cards are two separate functional items. They are physically attached to one another with adhesive and are issued simultaneously.

(g) Each contract employee, during all times of on-site performance at the ANC ARTCC, shall prominently display his/her current and valid identification card on the front portion of his/her body between the neck and waist.

(1) Prior to any contractor employee obtaining any ID media or vehicle decals, the contractor shall submit complete documentation required under AMS clause 3.14-2, Contractor Personnel Suitability Requirements and shall be approved to begin work by the Servicing Security Element.

(2) To obtain an ID media access card for the first time, each contractor employee is required to submit an APPLICATION FOR ID MEDIA AND ACCESS CARD (AL FORM 1681.1) for processing. The Contractor will receive the necessary forms from the Contracting Officer (CO). The CO will complete Part 2 of the application and forward the form to the contractor to have each contractor employee requiring access to complete Part 1 and sign under "Applicant Signature" in Part 3. Contractor employees requiring access to more than one site shall complete separate AAL 1681 forms for each location. The

completed AL FORM 1681.1 is returned to the CO along with a digital photo of the employee. The digital photo may be submitted on a disk or via e-mail to the Security Office at 9-AAL-SECURITY-IDMEDIA@FAA.GOV. In your e-mail message please include the individual's name, contractor name, and contract number for verification purposes. Notify the Contracting Officer if you do not have access to a digital camera. Alternate accommodations may be made. The digital photo must be an up-to-date photograph (taken within the last 6 months), with a head and shoulder view (similar to that of a passport photo), on a white background. The SSE will mail the completed Media card and Personal Identification Number (PIN) to the Facility Manager for distribution to the contractor. Each employee will be required to sign form 1600-21 after receiving the Media Card.

(3) To replace an ID media access card due to loss, theft, damages, or failure, the contractor shall immediately notify the CO/COTR and the SSE to report the incident. The contractor will be required to complete a "detailed incident report" form and a new AL FORM 1681.1 and submit both to the facility manager or authorizing official. Upon receipt of the replacement ID Media/Access Card, the contractor shall return the previously issued media and sign a new key receipt form.

(h) ID Media/Access Cards will expire with the natural expiration date of the contract. If the contract is extended or renewed, the contractor will follow the procedures outlined for obtaining an ID Media Access Card for the first time. Contractor employees performing under option year contracts will only be issued cards for the initial base year award. Contractors shall submit new AL FORM 1681.1 for each option year the Government elects to exercise. Resubmission of a new digital photograph is not required for option years unless a new contractor employee is added.

3.9.1-3**Protest (November 2002)**

AS A CONDITION OF SUBMITTING AN OFFER OR RESPONSE TO THIS SIR (OR OTHER SOLICITATION, IF APPROPRIATE), THE OFFEROR OR POTENTIAL OFFEROR AGREES TO BE BOUND BY THE FOLLOWING PROVISIONS RELATING TO PROTESTS:

(a) Protests concerning Federal Aviation Administration Screening Information Requests (SIRs) or awards of contracts shall be resolved through the Federal Aviation Administration (FAA) dispute resolution system at the Office of Dispute Resolution for Acquisition (ODRA) and shall be governed by the procedures set forth in 14 C.F.R. Parts 14 and 17, which are hereby incorporated by reference. Judicial review, where available, will be in accordance with 49 U.S.C. 46110 and shall apply only to final agency decisions. A protestor may seek review of a final FAA decision only after its administrative remedies have been exhausted.

(b) Offerors initially should attempt to resolve any issues concerning potential protests with the Contracting Officer. The Contracting Officer should make reasonable efforts to answer questions promptly and completely, and, where possible, to resolve concerns or controversies. The protest time limitations, however, will not be extended by attempts to resolve a potential protest with the Contracting Officer.

(c) The filing of a protest with the ODRA may be accomplished by mail, overnight delivery, hand delivery, or by facsimile. A protest is considered to be filed on the date it is received by the ODRA.

(d) Only an interested party may file a protest. An interested party is one whose direct economic interest has been or would be affected by the award or failure to award an FAA contract. Proposed subcontractors are not "interested parties" within this definition.

(e) A written protest must be filed with the ODRA within the times set forth below, or the protest shall be dismissed as untimely:

(1) Protests based upon alleged improprieties in a solicitation or a SIR that are apparent prior to bid opening or the time set for receipt of initial proposals shall be filed prior to bid opening or the time set for the receipt of initial proposals.

(2) In procurements where proposals are requested, alleged improprieties that do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested not later than the next closing time for receipt of proposals following the incorporation.

(3) For protests other than those related to alleged solicitation improprieties, the protest must be filed on the later of the following two dates:

(i) Not later than seven (7) business days after the date the protester knew or should have known of the grounds for the protest; or

(ii) If the protester has requested a post-award debriefing from the FAA Product Team, not later than five (5) business days after the date on which the Product Team holds that debriefing.

(f) Protests shall be filed at:

(1) Office of Dispute Resolution for Acquisition, AGC-70,

Federal Aviation Administration,
800 Independence Ave., S.W.,
Room 323,
Washington, DC 20591,

Telephone: (202) 267-3290,
Facsimile: (202) 267-3720; or

(2) other address as specified in 14 CFR Part 17.

(g) At the same time as filing the protest with the ODRA, the protester shall serve a copy of the protest on the Contracting Officer and any other official designated in the SIR for receipt of protests by means reasonably calculated to be received by the Contracting Officer on the same day as it is to be received by the ODRA. The protest shall include a signed statement from the protester, certifying to the ODRA the manner of service, date, and time when a copy of the protest was served on the Contracting Officer and other designated official(s).

(h) Additional information and guidance about the ODRA dispute resolution process for protests can be found on the ODRA Website at <http://www.faa.gov>.
